ShootProof gallery / order ID

1. LICENSED IMAGES AND CONSIDERATION

Licensor grants Licensee a complimentary, one-time, limited, nonexclusive, nontransferable license to use only the finished digital photographs specifically identified in Schedule A (up to ten images), selected from the designated gallery. No fee is due for this introductory license. No other gallery images, RAW files, footage, or future photographs are included.

2. NINETY-DAY TERM

The license begins on the Effective Date entered above and runs for ninety (90) consecutive calendar days. New publication or use must occur within that period. Authorized organic posts first published during the term may remain visible as historical posts after expiration, without mandatory deletion; however, no new uploads, reposts, re-sharing by Licensee, boosting, refreshing of advertisements, or other new uses are authorized after expiration.

3. PERMITTED DIGITAL USE · UNWATERMARKED DOWNLOADS

This license applies ONLY to the full-resolution, unwatermarked digital image files selected and downloaded from Licensor's gallery and identified in Schedule A. During the 90-day term, Licensee may publish those files on its own official website and organic (unpaid, non-boosted) social-media accounts solely to promote the named venue and its events. Ordinary resizing and platform-required cropping are permitted. Photographer credit or tagging is NOT required for these licensed, unwatermarked files.

SEPARATE WATERMARKED MARKETING POSTS: Independently of this license, Licensee may share or repost Licensor's publicly posted, watermarked marketing photographs from Licensor's official social-media accounts, without a 90-day limit, provided the watermark remains visible and unaltered and Licensee tags the originating Trenton Phoenix Photography account. This standing permission covers organic sharing/reposting only; it does not authorize downloading and republishing altered copies, removing watermarks, paid promotions, printing, or use of unwatermarked gallery files. These watermarked posts need not appear in Schedule A.

Usage Rights & Restrictions

Version 1.1 | Revised October 13, 2026

4. EXPRESSLY EXCLUDED USES

This license does NOT permit paid, boosted, sponsored, or targeted digital advertisements; print production of any kind (including flyers, posters, handbills, brochures, banners, signage, merchandise, or physical displays); television, cinema, video commercials, broadcast or streaming advertisements; out-of-home advertising; resale; stock licensing; sublicensing; distribution of downloadable originals; use by other venues, sponsors, artists, promoters, or third parties; or AI training or generative-image datasets. Any such use requires separate written permission and may require additional fees.

5. COPYRIGHT, EDITING, AND OWNERSHIP

All copyrights and ownership in the photographs remain with Kristan M. Blanchard and/or Trenton Phoenix Media, LLC. Licensee receives only the limited usage rights expressly stated here. Licensee may rename files or make routine technical adjustments for authorized posting but may not remove an existing watermark, materially alter the images, apply generative modifications, or imply the Photographer endorses a product or person without written consent.

6. SELECTION, DOWNLOAD RECORD, AND SCHEDULE A

Only images listed by original Photographer filename in Schedule A are licensed. A ShootProof download or order-history record may be appended and incorporated as supporting identification evidence. Filename changes made by Licensee do not expand or defeat the identification of the original licensed image. Gallery access or a complimentary download code does not grant rights to images not listed in Schedule A. The parties may complete Schedule A after selections, and before Licensee first publishes the images.

7. THIRD-PARTY RIGHTS AND VENUE REPRESENTATIONS

This license conveys only the rights Licensor controls. It does not independently grant model, performer, artist, trademark, property, or other third-party permissions. Licensee is responsible for securing any additional clearances required for its specific advertising or promotional uses. Licensee represents that its signer has authority to bind the named business. No exclusivity, ongoing coverage, future services, or additional image delivery is promised.

8. LIMITATIONS, GOVERNING LAW, AND CHANGES

The license is revocable upon material breach after written notice and a reasonable opportunity to cure where cure is possible. Unauthorized uses remain unauthorized. Images are provided as-is without a guarantee of fitness for a particular campaign. Nevada law governs; disputes shall be brought in a court of competent jurisdiction in Washoe County, Nevada. This document and completed Schedule A are the entire license; changes require written agreement of both parties. Electronic signatures and counterparts are accepted.

9. ACCEPTANCE

The undersigned confirm they have reviewed and accepted this three-page license and the identified image schedule. A signed PDF, electronic signature, or equivalent written acceptance may be retained with the ShootProof download record.
