You may store the purchased image on your personal devices and personal cloud-storage accounts and use it for ordinary personal purposes, including personal digital displays, computer or mobile-device backgrounds, and similar private uses.

You may post the image to your own personal social-media accounts for ordinary personal sharing, provided the post is not advertising, marketing, promoting, fundraising for, selling, or otherwise being used on behalf of a business, organization, venue, event, production, product, service, campaign, nonprofit, association, or other entity.

LIMITED PERSONAL PRINTING

You may print the purchased image using a printer personally owned or operated by you for your own private, non-commercial use.

This license does not authorize you to submit, upload, transmit, or provide the digital image to any third-party printing service, professional photo lab, retail photo center, online printing service, print-on-demand service, or other commercial printing provider.

Professional photographic prints, enlargements, canvases, framed prints, metal prints, fine-art products, and other professionally produced physical products must be purchased through Trenton Phoenix Photography or an authorized Trenton Phoenix Photography storefront.

You may not use the image to promote a business, organization, venue, event, production, product, service, campaign, nonprofit, association, or other entity.
